**ASL Group doubles down on sustainable air mobility,
signs agreement for delivery of six Lilium Pioneer Edition Jets**

Geneva, Switzerland, May 24, 2023: Lilium N.V. (NASDAQ: LILM), developer of the first all-electric vertical take-off and landing jet, today announced that it has signed an agreement with Benelux-based business jet operator ASL Group for the delivery of six Lilium Pioneer Edition Jets. The agreement, which includes deposit payments to Lilium, converts an earlier Memorandum of Understanding between the two companies, disclosed last year during the Farnborough International Airshow.

ASL Group is a leading business jet operator in the Benelux, and the owner of the first electric aircraft in Belgium. ASL Group intends to manage and operate the aircraft for its customers as part of a sustainable, high-speed network connecting major hubs across Belgium, Netherlands, Luxembourg, and Western Germany.

Philippe Bodson, owner and CEO of ASL Group said: “Our company is constantly seeking new ways to operate responsibly and contribute to a healthy future, both socially and ecologically. The Lilium Jet is a great opportunity to provide better value to our customers in a sustainable way. With zero operating emissions, vertical take-off landing capability and a spacious premium cabin, Lilium represents the best option on the market.”

Klaus Roewe, CEO of Lilium said: “The conversion of our MOU with ASL shows the strength of our continued partnership. ASL Group is a truly innovative company with a vision to provide the best services for its customers. With the highest population density in Europe, Benelux represents a perfect use case for the Lilium Jet, with its expected high aerodynamic performance and low noise profile. We are proud to support ASL’s development in the region.”
